Violent Movements of Stocks Follow Northern Securities Decision.

GENERAL TENOR FORETOLD

Announcement Caused Spasmodic Jump in Southern and Union Pacific.

(By Associated Press.)

NEW YORK, July 15.—The decision of Judge Bradtord, handed down at Trenton to-day in the Northern Securities case, proved explosive in its effect on the stocks of the Union and Southern Pacifics and Northern Securities, in spite of the large preliminary speculation which has been going on in these stocks most of the week in anticipation of this decision. This violent effect of the decision is the more noteworthy as its general tenor was pretty accurately foretoid. In the general market the effect was more in accordance with normal expectation, the speculation coming to a pause after an animated, movement to take profits. Southern Pacific and Union Pacific, also of a spasmodic jump on the first announcement of the decision, wavered under a flood of profit taking offerings. The two stocks then resumed an aggressive layeard movement and galvanized the general market to some activity again.

The effect was to enable the general market to hold some of its earlier gains.

the general market to some activity again.

The effect was to enable the general market to hold some of its earlier gain, but there were no important new points of strongth developed after the Securities decision became known. Ontario and Western and the subsidiary Pennsylvania slocks, notably Norfolk and Western were conspicuous and the cotton carriers were strong. Union Pacific's rise to 37.78 and Southern Pacific's to 52 were not fully held and the irregular tone of the market in the final hour continued up to the close.

Prossure on the Burlington joint 4's and the Oregon short line participating 3's made the otherwise firm hond market pregular.

EW YORK, July 15.—The cotton market ted steady at a decline of 3 points on the and an advance of 3 points on its post-s, the irregular changes being in line with cables which, after opening higher than cted, broke sharply on the near months, is the late positions ruled relatively firm higher than exceeded. The market at and was relief. In spite of the probability, openly expected, that easier lone in Liverpool was simply the result of a speculative shake out, the large spot sales in that market at higher prices and decreasing stocks at all points, local sentiment was bearjes on the continued good weather, taking the best as a whole and good crop accounts, ogd offerings, however, were limited at first, and there was persistent buying from infinential sources which had a tendency to import the golden at the company of the sent seathers because which had a tendency of for that matter, prevent either slight declines. Liverpool closed easy after the local opening, however, and the crop reports so glowering, the bears became more confident later in the seasion, offerings increased, and in spite of occasional spuria of hull support the list worked down to a net decline of 26932 points on the near nguths and off from 14917 points on the later positions. Toward the close it looked as though local the cotton was offering and the effort to force a resolon from the lowest was only partially successful. A NEW WAY TO COLLECT TAXES

Dray Horse of a Leading North Carolina Merchant Is Locked Up.

(Special to The Times-Dispatch.) (Special to The Times-Dispatch.)

SALISBURY, N. C., July 15.—The matter of collecting municipal taxes at Spencer took a new turn yesterday aftermoon, when Chief of Police D. L. Parker, of that place, levied on and locked upthe dray horse of D. C. Eagle, one of the leading merchants of Spencer, for the non-payment of his corporation taxes for 1903 bout, two months are the latter fig.

the leading merchants of spencer, for the non-payment of his corporation taxes for 1803.

About two months ago the latter figured as plainliff in a sult against Spencer for alleged irregularities in the matter of tax assessments, the sult being subsequently dismissed at the cost of said plainliff. He, however, refused to pay his tax, which, in the meantime, had been reduced by the Board of Aldermen in compliance with his first complaint. He allowed his horse to be locked up yesterday, it is said, in order to make at test case as to the validity of the tax rate. Information was received here last night of a serious, if not fatal, accident which befell Mr. J. A. Lindsay, of Spencer, at Lynchburg during the previous night. In attempting to get water into the locomotive, which he was firing, he was tripped and fell some twelve feet to the track beneath, sustaining, it is believed, a fractured skull. At last accounts he had not regained consciousness. He was vat once carried to a hospital in Lynchburg and his wife summoned to his bedside.

PITTSTON, PA., July 15.—An attack was made during last night upon the residence of A. W. Toplir, one of the two men of this city who were threatened with dynamiting unless they placed I, 1000 at a desileated sjot. Two rear windows were amashed, the sash being torn out. The noise aroused a sister of Mr. Teplir and she ran to see what had happened. This frightened the men away. Whether they had intended to throw an explosive inside or merely smash the windows as a threat against Teplir and to warn him that they were watching him he does not

that they were watching aim is know.

The police believe it was merely to frighten him because he has notified the police of the threats. A closer watch than ever is now being kept about the place, and at the same time the police are working on a clue which may lead to an arrest.

Toplir says that he tried to keep watch dogs to guard his property, but in the last few weeks seeveral of them have been polsoned.
